## RECORDED SESSIONS

### Scientific Program

#### 24 June 2021 Thursday

New York	London	Istanbul	Beijing	Sydney		
02.00	07.00	09.00	14.00	16.00	ROOM-1	ROOM-2
02.30	07.30	09.30	14.30	16.30		
02.30	07.30	09.30	14.30	16.30	<b>Congress Opening</b>	
03.00	08.00	10.00	15.00	17.00	<b>Prof. Cihat Sen</b>	
					<b>President, WAPM</b>	
New York	London	Istanbul	Beijing	Sydney	STATE OF ART LECTURE	STATE OF ART LECTURE
					<a href="#">Free Registration</a>	<a href="#">Free Registration</a>

03.00	08.00	10.00	15.00	17.00	Amazing power of fetal brain	Prenatal Exome sequencing and congenital malformations		
03.30	08.30	10.30	15.30	17.30	Asim Kurjak	Mark Kilby		
03.30	08.30	10.30	15.30	17.30	ROOM-1 BREAK	ROOM-2 BREAK	ROOM-3 BREAK	
03.45	08.45	10.45	15.45	17.45				
New York	London	Istanbul	Beijing	Sydney	OPENING LECTURE <a href="#">Free Registration</a>			
03.45	08.45	10.45	15.45	17.45	Management of FGR: what is important?			
04.15	09.15	11.15	16.15	18.15	Kypros Nicolaides			
04.15	09.15	11.15	16.15	18.15	14-17 Weeks Neurosonography. The Optimal Time to Diagnose CNS Anomalies	Diagnosis of fetal anomalies	Federation of Asia-Oceania Perinatal Societies - FAOPS	SHORT PRESENTATIONS Discussant: Oluş Api
05.30	10.30	12.30	17.30	19.30				
					Cerebral midline findings at 14-17 weeks Roeë Birnbaum	Brain Anomalies: What should be considered? Karim Kalache	Perinatal system regionalization Tsuyomu Ikenoue	- High dose Omega-3 exposure during pregnancy causes Autism in male newborn offspring Halil Gürsoy Pala - Liver disease during pregnancy, prediction and treatment Ana Daneva Markova
					Infratentorial findings at 14-17 weeks Karina Krajdén-Haratz	Cardiac Anomalies: How easy for Obstetrician? Ingo Gottschalk	Reducing late gestation stillbirth in Australia: implementing the 'Safer Baby Bundle' David Ellwood	- Comparison of late postpartum depressive prevalence of women with Covid-19 in pregnancy Busra Tsakir
					Malformations of cortical development at 14-17 weeks Gustavo Malinger	Genetic Scan: Still fashionable? Oliver Kagan	Prevention of maternal death Milind Shah	- The relationship of hyperglycemia and hyperlipidemia with adverse maternal and neonatal outcomes among Asian Indians D Rafat - Appropriate delivery method for cardiac disease pregnancy based on noninvasive cardiac monitoring Masami Sawada
					CNS anomalies diagnosed late in pregnancy? Michael Brusilov	Contemporary diagnosis of fetal syndromes Christoph Berg	Impact of pulmonary hypertension among preterm infants Han-Suk Kim	- Automatic detection of fetal hypoxia using FIGO rules Inmaculada Mejía Jiménez
					Discussant: Gustavo Malinger	Discussant: Christoph Berg	Discussants: Satoshi Kusuda, Han-Suk Kim	- Association of Maternal Serum Ischemia Modified Albumin (IMA) with placental histopathological changes and fetomaternal outcome Monica Agrawal

New York	London	Istanbul	Beijing	Sydney				
								- Adolescence does not worsen Covid-19 infection in pregnant women <a href="#">Sule Goncu Ayhan</a>
05.30	10.30	12.30	17.30	19.30	ROOM-1 BREAK	ROOM-2 BREAK	ROOM-3 BREAK	ROOM-4 BREAK
05.45	10.45	12.45	17.45	19.45				
05.45	10.45	12.45	17.45	19.45	Prediction and prevention of pre-eclampsia	Fetal interventions	Care of diabetic mothers and their offsprings in Asian countries - FAOPS	SHORT PRESENTATIONS Discussant: Oluy Api
07.15	12.15	14.15	19.15	21.15				
					First trimester prediction of PE <a href="#">Liona Poon</a>	Spina bifida <a href="#">Ahmet Baschat</a>	Management for hyperglycemic disorders in pregnancy <a href="#">Takashi Sugiyama</a>	- Evaluation of exclusive breastfeeding with the first six months in infants of mothers infected with Novel Coronavirus: 1-year experience of a single center <a href="#">Seda Yilmaz Semerci</a>
					Prevention of PE with Aspirin <a href="#">Daniel Rolnik</a>	Thoracal anomalies <a href="#">Christoph Berg</a>	Pathophysiology of infants born to diabetic mothers <a href="#">Victor Sam Rajadurai</a>	- Microbiome of endometrium in multiple failures of IVF and in healthy fertile women <a href="#">Victoria Barinova</a> - Bernard-Soulier Syndrome in Pregnancy <a href="#">Hicran Acar Şirinoğlu</a>
					Technical aspects of screening and quality assurance <a href="#">Fabricio Costa</a>	Monochorionic twins <a href="#">Brigitte Strizek</a>	Short term outcome of IDM <a href="#">Setyadewi Lusyati</a>	- Relation between Aspartate Aminotransferase/Platelet ratio index (API) and severity of Covid-19 infection in pregnant women <a href="#">Sule Goncu Ayhan</a> - Two years results of multiple pregnancies delivered in our clinic <a href="#">Esra Can</a>
					Clinical Implementation and cost-effectiveness <a href="#">Jon Hyett</a>	Percutaneous Fetal Sclerotherapy for CPAM: a novel therapeutic option <a href="#">Erasmus Huertas</a>	Long term outcomes of IDM <a href="#">Azana Ahmad Kamar</a>	- Retrospective evaluation of the pregnancy with thick meconium stained amniotic fluid beyond 34 weeks of gestation <a href="#">Semra Yüksek</a>
					Prediction in the second and third trimester – the sFLT-1/PLGF ratio <a href="#">Ignacio Herraiz</a>	Discussants: <a href="#">Christoph Berg</a>	Discussants: <a href="#">Satoshi Kusuda</a> , <a href="#">Azana Ahmad Kamar</a>	- Prenatal diagnosis of agnathia-otocephal complex with microphthalmia : A Rare Congenital Anomaly <a href="#">Sema Süzen Çaypınar</a>
New York	London	Istanbul	Beijing	Sydney	Discussants: <a href="#">Fabricio Costa</a>			
07.15	12.15	14.15	19.15	21.15	ROOM-1 BREAK	ROOM-2 BREAK	ROOM-3 BREAK	ROOM-4 BREAK
08.00	13.00	15.00	20.00	22.00				
08.00	13.00	15.00	20.00	22.00	RECENT ADVANCES IN PERINATAL MEDICINE (IAPM SESSION)	Ultrasound in labor room-I	NIPT together with the expanded first trimester	Monochorionic twin pregnancies: monitoring and management
09.30	14.30	16.30	21.30	23.30				

					Fetal brain structural development <a href="#">Ritsuko Pooh</a>	Ultrasound as a tool for objectively monitoring labor evolution <a href="#">Torbjørn Moe Eggeba</a>	Pre-NIPT scan <a href="#">Daniel Rolnik</a>	Discordant anomalies in twins <a href="#">Liesbeth Lewi</a>
					Clinical results on international program on KANET investigation <a href="#">Panos Antsaklis</a>	The role of ultrasound in predicting of imminent delivery <a href="#">Ilenia Mappa</a>	The importance of fetal fraction <a href="#">Andrew McLennan</a>	Fetal growth restriction in twins <a href="#">Asma Khalil</a>
					How to proceed with the limits of viability: are we on the right track? <a href="#">Milan Stanojević</a>	Maternal pelvis assessment by ultrasound <a href="#">Reuven Achiron</a>	Whole genome NIPT – advantages and pitfalls <a href="#">Lisa Hui</a>	Twin anaemia polycythaemia sequence <a href="#">Femke Slaghekke</a>
					Perinatal health in CORONA-19 pandemic – neonatal aspect <a href="#">Ola Saugstad</a>	The role of ultrasound before operative vaginal delivery <a href="#">Tullio Ghi</a>	Don't forget NT and 1st trimester morphology! <a href="#">Jon Hyett</a>	First trimester ultrasound in twins <a href="#">Asma Khalil</a>
					Leaders in science – what is the role of IAPM <a href="#">Asim Kurjak</a>	Ultrasound in management of post-partum hemorrhage <a href="#">Wolfgang Henrich</a>	How to add NIPT to the first trimester US and pre-eclampsia screening <a href="#">Fabricio Costa</a>	Neonatal management <a href="#">Enrico Lopriore</a>
<a href="#">New York</a>	<a href="#">London</a>	<a href="#">Istanbul</a>	<a href="#">Beijing</a>	<a href="#">Sydney</a>	Discussants: <a href="#">Asim Kurjak</a> - <a href="#">Frank Chervenak</a>	Discussants: <a href="#">Giuseppe Rizzo</a>	Discussants: <a href="#">Fabricio Costa</a>	Discussants: <a href="#">Asma Khalil</a>
<a href="#">09.30</a>	<a href="#">14.30</a>	<a href="#">16.30</a>	<a href="#">21.30</a>	<a href="#">23.30</a>	ROOM-1 BREAK	ROOM-2 BREAK	ROOM-3 BREAK	ROOM-4 BREAK
<a href="#">09.45</a>	<a href="#">14.45</a>	<a href="#">16.45</a>	<a href="#">21.45</a>	<a href="#">23.45</a>				
<a href="#">09.45</a>	<a href="#">14.45</a>	<a href="#">16.45</a>	<a href="#">21.45</a>	<a href="#">23.45</a>	Fetal interventions (surgery): evidence and practical tips	Ultrasound in labor room-2	Perinatal Care-1	Recent advances in Fetal Surgery, pa
<a href="#">11.15</a>	<a href="#">16.15</a>	<a href="#">18.15</a>	<a href="#">23.15</a>	<a href="#">01.15(+1)</a>				
					Intrauterine fetal blood transfusion <a href="#">Greg Ryan</a>	Fetal descent <a href="#">Torbjørn Moe Eggeba</a>	Combining modalities for comprehensive fetal heart evaluation <a href="#">Simcha Yagel</a>	Novel Scoring System for Determining Candidacy for Prenatal Intervention for Severe Congenital LUTO <a href="#">Ahmed Nassr</a>
					Fetal intervention in twin pregnancies <a href="#">Asma Khalil</a>	Fetal rotation <a href="#">Hulda Hjartardottir</a>	Umbilical cord abnormalities: what we need to know for?	How to manage uncomplicated monochorionic pregnancies and complicated pregnancies after laser <a href="#">Magda Sanz Cortes</a>

									Radu Vladareanu
					Fetal surgery for spina bifida	Fetal attitude			30 years experience with intraumbilical transfusions
					Denise Lapa	Tullio Ghi			Pavel Calda
					Post operative maternal and fetal complications after fetal surgery Monique Haak	Prediction of vaginal delivery			Medical management for severe early-onset Rhesus disease
						Christoph Lees			Mark Kilby
					Congenital diaphragmatic hernia	Ultrasound in the third stage			Fetal Therapy for Lysosomal Storage Disorders: A New Clinical Trial
					Rogelio Cruz	Wolfgang Henrich			Tippi MacKenzie
					Discussants: Asma Khalil	Discussants: Tullio Ghi			Discussants: Mark Kilby, Cihat Sen
									Discussants: Ramen Chmait
					ROOM-1 BREAK	ROOM-2 BREAK			ROOM-3 BREAK
									ROOM-4 BREAK
					Doppler and biophysical assessment in late FGR management	Induction of labor			FETUS AS AS PATIENT-1
					Pathophysiology of late FGR	Evidence based indications to labour induction			Reducing Preterm Birth in Twin Gestation
					Giuseppe Rizzo	Vincenzo Berghella			Abdallah Adra
					Cerebral blood flow redistribution: which indices?	Universal induction after the Arrive trial: is there a place outside US?			Humanism in OB/GYN Surgery
					Christoph Lees	William Grobman			Benjamin Schwartz
					Management of late FGR	Cervical ripening and induction of labor in women with a prior cesarean delivery			Demonstration of abnormal fetal cavum septi pellucidi by means of 3D ultrasound
					Ignacio Herraiz	Biancha Masturzo			Sonila Pashaj
									Fetal endoscopic tracheal occlusion reduction pulmonary hypertension in severe CDH
									Jimmy Espinoza
									Fetosopic meningomyelocele closure neonatal outcomes
									Jimmy Espinoza
									Treatment of huge placental chorioangioma
									Alireza A Shamshirsaz
									Fetosopic Laser Ablation Therapy for Type Vasa Previa
									Ramen Chmait
									Discussants: Ramen Chmait
									Recent advances in Fetal Surgery, pa
									slUGR type II: proposed subclassification guide surgical management Ramen Chm
									Selective reduction in complicated monochorionic twins: Radiofrequency ablation vs bipolar umbilical cord coagulation Roopali Donepudi
									Fetal endoscopic tracheal occlusion reduction pulmonary hypertension in severe CDH
									Jimmy Espinoza

	New York	London	Istanbul	Beijing	Sydney
	11.15	16.15	18.15	23.15	01.15
	11.30	16.30	18.30	23.30	01.30(+1)
	11.30	16.30	18.30	23.30	01.30
	13.00	18.00	20.00	01.00	03.00(+1)

Privacy -

					Up to date on guidelines	Role of ultrasound before labour induction	COVID-19 and Thrombosis	Primary fetal pleural effusion: shunt or no shunt?
					Tamara Stampalija	Giuseppe Rizzo	Alexander Makatsariya	Alireza A Shamshirsaz
					Discussants: Tamara Stampalija	Induction of labor: Women's choice and perceptions	Maternal Nutrition & Fetal Programming: Fetal Growth Restriction	Report of the International Fetoscopic Neural Tube Defect Repair Consortium
						Ilenia Mappa	Hung Winn	Magda Sanz Cortes
New York	London	Istanbul	Beijing	Sydney				
13.00	18.00	20.00	01.00	03.00				
14.15	19.15	21.15	02.15(+1)	04.15(+1)	WAPM Council Meeting	Perinatal Care-2	First trimester screening programs: Early prediction of later pregnancy complication	Fetal Face and Brain
						Discussants: Ilenia Mappa	Discussants: Frank Chervenak, Ali Sungkar	Discussants: Magda Sanz Cortes
						Preeclampsia and long term outcome	Screening for stillbirth	Techniques of Evaluating the Fetal Face
						Liliana Voto	Ranjit Akolekar	Ashok Khurana
						Prenatal diagnosis of autism spectrum disorders	SGA screening in 1 st trimester	Imaging Orofacial Clefts: Established and Recent Concepts
						Oluş Api	Ioannis Papastefanou	Lakshmy Ravi
						Prediction of adverse perinatal outcome in FGR	GDM screening in 1st trimester. MOP trail	CNS Anomalies: The Need for a Multidisciplinary Approach
						Simona Vladareanu	Argyro Syngelaki	Ratna Puri
						Antihypertensives in pregnancy: fetal growth and development	Trophoblasts in maternal circulation: enrichment and identification of aneuploidy	CNS Anomalies: From Imaging to Genetics
						Josip Juras	Jiri Sonek	Ashok Khurana
New York	London	Istanbul	Beijing	Sydney				
14.15	19.15	21.15	02.15	04.15				
14.45	19.45	21.45	02.45(+1)	04.45(+1)	WAPM General Assembly	Discussants: Oluş Api	Discussants: Mar Gil	Discussants: Ashok Kurana, Thumallakunte Praveen

## 25 June 2021 Friday

New York	London	Istanbul	Beijing	Sydney				
05.30	10.30	12.30	17.30	19.30	Room-1	Room-2	POSTER PRESENTATIONS	POSTER PRESENTATIONS
06.00	11.00	13.00	18.00	20.00			Discussant: Murat Yayla	Discussant: Gökhan Göynümer
New York	London	Istanbul	Beijing	Sydney	STATE OF ART LECTURE	STATE OF ART LECTURE		
					<a href="#">Free Registration</a>	<a href="#">Free Registration</a>		
06.00	11.00	13.00	18.00	20.00	Angiogenic Markers in Twin to Predict	Crux of prematurity prevention	-The 2D ultrasound can evaluate the sub-pubic arch angle in two different hip flexion degrees supine positions <a href="#">Marco Siccardi</a>	-Maternal serum Pentraxin-3 levels in gestational diabetes: A comparative study <a href="#">Burcu Artunç Ülkümen</a>
06.30	11.30	13.30	18.30	20.30	Delivery due Preeclampsia <a href="#">Asma Khalil</a>	<a href="#">Erich Saling, Jürgen Lühje</a>	-Macrohematuria due to SARS-CoV-2 infection in pregnant patient <a href="#">Vesna Livrinova</a>	-Pregnancy complicated with serous cystadenoma - case report <a href="#">Elena Gjorgievska Nikolovska</a>
06.30	11.30	13.30	18.30	20.30	Precision medicine in obstetrics	Retained Products of Conception: Old problem <a href="#">Ilan Timor-Tritsch</a>	-The sub-pubic arch angle correlated to the external pelvic diameters in supine patients shifting leg positions? <a href="#">Marco Siccardi</a>	-Difficulties in the nutritional recover the newborn with digestive malformations <a href="#">Timea Brandibur</a>
07.00	12.00	14.00	19.00	21.00	<a href="#">Carl Weiner</a>		- Confirming the role of conventional combined biochemical prenatal screening in first.. <a href="#">Elena Gjorgievska Nikolovska</a>	-Comparative study of intrathecal tramadol vs morphine after cesarean section ... <a href="#">Matouk Mohamed</a>
07.00	12.00	14.00	19.00	21.00	ROOM-1 BREAK	ROOM-2 BREAK	ROOM-3 BREAK	ROOM-4 BREAK
07.15	12.15	14.15	19.15	21.15				
07.15	12.15	14.15	19.15	21.15	IAN DONALD SCHOOL	Fetal Heart Cases	Fetal cardiac remodelling	Covid-19 in pregnancy: What is important
08.30	13.30	15.30	20.30	22.30				
					Remarkable history of Ian Donald School – how did we start <a href="#">Asim Kurjak</a>	A novel approach: One-Touch Technique in Second and Third Trimester <a href="#">Shengli Li</a>	Definition and pathophysiology of cardiac remodelling from fetal to adult life <a href="#">Fatima Crispi</a>	Vaccination in pregnant women <a href="#">Marta García Sánchez</a>
					Donald School lessons on global education <a href="#">Asim Kurjak</a>	Prenatal ultrasound diagnosis of conotruncal defects <a href="#">Bowen Zhao</a>	Cardiac remodeling in fetuses with CHD <a href="#">Maciej Slodki</a>	Obstetric complications related to Co 19 <a href="#">Oscar Martínez Pérez</a>

					Recent results on the scientific projects	Ultrasound diagnosis of fetal coronary artery fistula	Cardiac remodeling in FGR	Delivery of patients with Covid-19
					<a href="#">Panos Antsaklis</a>	<a href="#">Sheng Zhao</a>	<a href="#">Francesco D'Antonio</a>	<a href="#">Pilar Prats Rodriguez</a>
					Donald School in Greece – what are for the future?	Analysis of special cases of fetal congenital heart malformation	Cardiac remodelling in fetuses of diabetic mother	Thromboembolic disease in pregnancy. frequently neglected entity
					<a href="#">Aris Antsaklis</a>	<a href="#">Qiuyan Pei</a>	<a href="#">Olga Patey</a>	<a href="#">Bernat Serra</a>
					Guidelines for education in developing countries	Discussants: <a href="#">Min Chen</a> , <a href="#">Junshu Xie</a> , <a href="#">Xiaowei Xue</a>	Cardiac remodeling in fetuses from ART	Discussants <a href="#">Bernat Serra</a>
					<a href="#">Vedran Stefanovic</a>		<a href="#">Giuseppe Rizzo</a>	
New York	London	Istanbul	Beijing	Sydney	Discussants: <a href="#">Asim Kurjak</a> , <a href="#">Larisa Belotserkovtseva</a>		Discussants: <a href="#">Giuseppe Rizzo</a> , <a href="#">Fatima Crispi</a>	
08.30	13.30	15.30	20.30	22.30	Room-1	Room-2	Room-3	Room-4
08.45	13.45	15.45	20.45	22.45				
08.45	13.45	15.45	20.45	22.45	Medicolegal issues: Lessons to learn	Neonatal Sepsis	Hot Topics in Perinatal Medicine	Transperineal Ultrasound Evaluatic
10.15	15.15	17.15	22.15	00.15(+1)				
					Medicolegal cases in fetal medicine	Vaginal infections and preterm labor	Update in Preimplantation Screening and Genetic Diagnosis	Transperineal Ultrasound and childbirth related pelvic floor disorders
					<a href="#">Asma Khalil</a>	<a href="#">George Daskalakis</a>	<a href="#">Filippo Ubaldi</a>	<a href="#">Rasha Kar</a>
					Neurology cases	Intravenous immunoglobulins in the prevention and treatment of neonatal sepsis	Metabolomics in Prenatal Medicine	Levator avulsion and mode of birth
					<a href="#">Gustavo Malinger</a>	<a href="#">Francesco Raimondi</a>	<a href="#">Giovanni Monni</a>	<a href="#">Khaled Ismail</a>
					Missed TAPS cases	Early-Onset Neonatal Sepsis	Metabolomic Approach in Seminal Fluid and Varicocele	Childbirth-related perineal trauma
					<a href="#">Enrico Lopriore</a>	<a href="#">Marina Degtyareva</a>	<a href="#">Federica Murgia</a>	<a href="#">Jan Willem de Leeuw</a>
					Guideline for FGR: Potential for Medicolegal issues	The use of antibiotics in neonates	Vaccination in Pregnancy	Manual Perineal protection and childbi
						<a href="#">Karel Allegeart</a>	<a href="#">Elsa Viora</a>	<a href="#">Katriina Laine</a>

	New York	London	Istanbul	Beijing	Sydney				
						Juliana Martin			
						How to avoid medicolegal cases?	The present and future of neonatal sepsis	Prenatal Genetic Diagnosed by Exome Sequencing	Discussants: Rasha Kamel
						Giuseppe Rizzo	Kosmas Sarafidis	Lorraine Dugoff	
						Discussants: Asma Khalil	Discussants: Nelly Jekova, Antonia Charitou	Discussants: Giovanni Monni	
10.15	15.15	17.15	22.15	00.15		ROOM-1 BREAK	ROOM-2 BREAK	ROOM-3 BREAK	ROOM-4 BREAK
11.00	16.00	18.00	23.00	01.00(+1)					
11.00	16.00	18.00	23.00	01.00		Fetal cardiac programming	Hypertensive disorders of pregnancy: maternal haemodynamic indices	First trimester neurosonography	Intrapartum Fetal heart Monitoring
12.30	17.30	19.30	00.30(+1)	02.30(+1)					
						The growth restricted heart	An integrated model of preeclampsia: A multifaceted syndrome	From basic to advanced 1st trimester brain US	Intrapartum fetal heart rate decelerations: what are they & how are they regulated? Christopher Lear
						Fatima Crispi	Simcha Yagel	Nicola Volpe	
						The preterm heart	Preeclampsia and fetal growth restriction seen from maternal haemodynamics point of view	From basic to advanced 1st trimester spine US	Using fetal heart rate patterns to define intrapartum fetal hypoxia Austin Ugwumadu
						Adam Lewandowski	Enrico Ferrazzi (last minute excuse)	Oliver Kagan	
						The heart conceived by assisted reproductive technologies: prenatal adaptation	Maternal hemodynamics before conception: is there space for prevention?	The role of Doppler in the 1st trimester neurosonogram	Role of data science & development of approaches to fetal monitoring Antoniy Georgieva
						Brenda Valenzuela-Alcaraz	Christoph Lees	Tullio Ghi	
						The heart conceived by assisted reproductive technologies: postnatal consequences	Maternal hemodynamics: possible new avenues in treating PE and FGR	Cases in 1st trimester neurosonography	Antenatal antecedents of intrapartum hypoxia – role of computerised CTG Ale Frick
						Emrush Rexhaj	Herbert Valensise (last minute excuse)	Waldo Sepulveda	
						Discussants: Giuseppe Rizzo, Fatima Crispi	Maternal cardiac maladaptation and obstetric syndromes	Prenatal Genetic Diagnosed by Exome Sequencing	Discussants: Austin Ugwumadu
							Tamara Stampalija	Lorraine Dugoff	

New York	London	Istanbul	Beijing	Sydney		Discussants: <a href="#">Tamara Stampalij</a>	Discussants: <a href="#">Tullio Ghi</a> , <a href="#">Giuseppe Rizzo</a>	
12.30	17.30	19.30	00.30	02.30	ROOM-1 BREAK	ROOM-2 BREAK	ROOM-3 BREAK	ROOM-4 BREAK
12.45	17.45	19.45	00.45(+1)	02.45(+1)				
12.45	17.45	19.45	00.45	02.45	Advances in LUTO treatment	Preeclampsia New Tools-1	Nuchal Translucency and Beyond	Intrapartum Fetal heart Monitoring
14.15	19.15	21.15	02.15(+1)	04.15(+1)				
					Fetal Cystoscopy for Lower Urinary Tract Obstruction based on Prenatal Staging System <a href="#">Rodrigo Ruano</a>	sFlt-1/PlGF for diagnosis and risk evaluation in preeclampsia - a critical appraisal <a href="#">Dietmar Schlembah</a>	Screening for Chromosomopathies: Ultrasound, cfDNA or both? <a href="#">Oliver Kagan</a>	What are the benefits and dangers of oxytocics during labour? <a href="#">Philippi Steer</a>
					Early shunts and ultrasound guided ballooning of fetal urethra <a href="#">Marzena Debska</a>	Thoracic ultrasound for the non-invasive management of preeclamptic patients <a href="#">Laurent Zieleskiewicz</a>	Handling increased NT <a href="#">Nicola Volpe</a>	Intrapartum FHR monitoring in the labc complicated by meconium, fever, infect <a href="#">Austin Ugwumadu</a>
					Fetoscopic therapy for low urinary obstruction by congenital megalouretra <a href="#">Rogelio Cruz Martinez</a>	Ocular ultrasonography for diagnosing increased intracranial pressure in severe preeclampsia <a href="#">Gabriela Bržan Šimenc</a>	Sonogenetics in the first trimester <a href="#">Ritsuko Pooh</a>	The role of fetal ECG (ST waveform) analysis in intrapartum monitoring <a href="#">Ann Kwee</a>
					Long-term outcomes of prenatal interventions – perspective of nephrologist and transplant physician <a href="#">Ryszard Grenda</a>	Eextracorporeal treatments of extremely preterm preeclampsia with fetal growth restriction <a href="#">Jakob Gubensek</a>	Screening in twins <a href="#">Petja Chaveeva</a>	Medicolegal aspects of intrapartum fet heart rate monitoring <a href="#">Sabaratnam Arulkumaran</a>
					Discussants: <a href="#">Marzena Debska</a>	Discussants: <a href="#">Tanja Premru-Sršen</a> , <a href="#">Miha Lučovnik</a>	Discussants: <a href="#">Nicola Volpe</a> , <a href="#">Jesus Rodriquez Calvo</a>	Discussants: <a href="#">Austin Ugwumadu</a>
New York	London	Istanbul	Beijing	Sydney				
14.15	19.15	21.15	02.15	04.15	ROOM-1 BREAK	ROOM-2 BREAK	ROOM-3 BREAK	ROOM-4 BREAK
14.30	19.30	21.30	02.30(+1)	04.30(+1)				
14.30	19.30	21.30	02.30	04.30	Invasive Prenatal Procedures in Multiple Pregnancies	New Perspectives in Perinatal Imaging	Invasive testing in 2021	Fetal Surgery-3
16.00	21.00	23.00	04.00(+1)	06.00(+1)				
					Obstetrical and Genetic Counselling <a href="#">Antonio Novelli</a>	HDlive Silhouette Neurosonography <a href="#">Ritsuko Pooh</a>	Guidelines on invasive procedures for prenatal diagnosis	The role of the EXIT procedure <a href="#">Saulo Molina</a>

					demonstration' <a href="#">Simon Meagher</a>	conotruncal malformations <a href="#">Alfred Abuhamad</a>	Exclusive Human Milk Diet (EHMD) for extremely premature infants <a href="#">Roy Philip</a>	positive diagnosis <a href="#">Federico Prefumo</a>
					Discussants: <a href="#">Nicola Volpe</a> , <a href="#">Daniel Rolnik</a>	Discussants: <a href="#">Rasha Kamel</a> , <a href="#">Gurur Biliciler Denktas</a>	Decreasing the risk of ROP in NICU <a href="#">Esin Koc</a>  Discussants: <a href="#">Vasilios Fanos</a> , <a href="#">Esin Koc</a>	Discussants: <a href="#">Federico Prefumo</a>

### 26 June 2021 Saturday

New York	London	Istanbul	Beijing	Sydney				
09.30	14.30	16.30	21.30	23.30	ROOM-1			
10.00	15.00	17.00	22.00	24.00
