Minutes of the meeting
27th May 2016
Room 104 Convention Hall
Convention centre
Kyoto JAPAN

In the council meeting chaired by Prof Y.H Chou President AFSUMB, Dr Hasan was asked by the Secretary AFSUMB Prof Lee to submit his report on history and Archiving as chairman of the committee. Dr Musarrat Hasan on his behalf and on behalf of the members of the committee presented the second version of the book to the President AFSUMB and all the council members. He explained them all the changes he made, removing all the mistakes and errors from the 1st version. Showed them the new format with red outline. Highlighted those pages where additions were made along with the photographs with their names as suggested in the earlier meeting in Taiwan. He also informed about the induction of C.D (PDF file) of the entire book attached on the last page. He thanked Prof Y.H Chou for writing the preface and also thanked all the past Presidents for their nice comments. Prof Kanu Bala appreciated his hard work and requested the council to give a big applause which was subsequently done. Dr Hasan informed the 1st Council meeting held on 27th May 2016 that he spend US \$2000 on the 1st Version and US \$2500 on the second version which is his contribution towards AFSUMB. He also mentioned that hidden expense of US \$ 400 was incurred to transport such heavy books from Osaka to Kyoto by Taxi. Committee members suggested Prof Nakatami to down load this entire book on website if possible which he

agreed. Dr Hasan informed the council that he has asked personally the earlier Presidents to provide him more material so that it should become the part of our history. He also requested all the council members to provide the history of their societies so that it could become the part of the book. Prof Ansari also pointed out for change in the flag.

In the second new council meeting which was held in room No 104 convention hall Kyoto Japan on 29th may 2016 and headed by our new President AFSUMB Prof Masatoshi Kudo.

Dr Musarrat hasan was again asked by Prof Wan our new secretary AFSUMB to inform the new members about the history and Archiving committee report. Dr Hasan As Chairman of the committee for the third term, highlighted again the salient feature of the book and CD. He asked the new members some burning question like funding of the third version and quality printing. He asked the council if he could take some Add to be placed at the end so that expenses could be covered. Prof Kanu Bala again suggested to reimburse US\$ 400 incurred on transportation and also pointed out to make necessary changes in the constitution to take donations and Adds but the decision remain pending till the end of the meeting. Everyone in the end gave some new ideas and suggestion and report ended with once more applause for Dr Hasan for doing great Job done so well with sincere wishes to keep it up.

Report of History & Archiving Committee 2016 -2017

In the last meeting held at Kyoto Japan, it was suggested by the council members that most of the material related to archiving can be place in CD or in the web site, instead of printing the heavy booklet, which would increase the cost. Hence we are in the process releasing the small booklet with the supportive CD. We will present to the council the sample in the upcoming council meeting in Taipei Taiwan. We request all the members to send us more material so that it can be incorporated in one year time, which would be probably in AFSUMB council meeting in Seoul Korea. We thank all the executive members for their suggestions and support.
