### President's Report

1. → In the year 2018, we have held the 13<sup>th</sup> Congress of AFSUMB (AFSUMB 2018) successfully in Seoul during May 23-26, hosted by Korean Society of Ultrasound in Medicine (KSUM).
2. → AFSUMB Education Workshops were decided to be held twice from 2019. The first Workshop was held in Dhaka, Bangladesh, on March 2, hosted by Bangladesh Society of Ultrasonography (BSU). The 2<sup>nd</sup> Workshop is open here today. (November 29-30, Jakarta), hosted by Indonesian Society of Ultrasound in Medicine (ISUM). Next year, we are planning to hold the Education Workshops twice.
3. → We tried to expand more education programs for our society members. We could hold a CE sponsored AFSUMB-endorsed Hands-on Workshop (Theme: Advances in Techniques in Changing Landscape of Ultrasound Practice in the Philippines) in Manila on October 23, 2019, hosted by Philippine Society of Ultrasound in Clinical Medicine, Inc (PSUCMI). We hope we can hold more hands-on workshops sponsored by a company next year.
4. → We tried to expand our activity in the academic field. We have had two working group meetings (April 20 in Incheon, and May 23 in Tokyo) with 24 authors from Japan, Korea, and Taiwan to publish on the AFSUMB Guideline for Sonazoid, and is currently almost completed the manuscript under the topic of 'The AFSUMB Consensus Statements Recommendations for the Clinical Practice of Contrast-enhanced Ultrasound (CEUS) Sonazoid'.

It is my great honor to work with you, and I would like to extend my sincere gratitude to all of you for your strong support in the past one year. I look forward to your continued support and input in the next year.

### COE REQUIREMENTS

**MISSION** - The WFUMB Center of Excellence (COE) shall provide education in medical ultrasound in developing countries, grant recognition to participants after completion of a course, and accumulate ultrasound-related reference materials.

**TERMS** - The COE shall be established for an initial term of 3 years. The agreement with the COE shall be eligible for renewal on a biennial basis thereafter. In order for the agreement to be renewed, the COE must have upheld their responsibilities in accordance with this agreement and be approved for renewal by the WFUMB COE Advisory Board and the WFUMB Administrative Council.

**FUNDING** - During the first 3 years of the contract, an annual grant of up to \$5,000 (USD) per year is available to defray administrative and travel costs associated with COE activities. In order to qualify for the grant, the COE must submit a detailed activity report, including an itemized finance report with supporting receipts, prior to disbursement. Disbursement requests and accompanying reports must be submitted to the WFUMB's administrative office prior to March 31 for the prior year, with no opportunity for retroactive payments. All financial requests must be approved by the WFUMB Administrative Council and WFUMB Treasurer.

After 3 years, the COE must be financially independent of WFUMB and will no longer be eligible for annual funding. The COE may continue to affiliate with the WFUMB as a "WFUMB Center of Excellence" while the COE remains in compliance with the terms of the agreement.

**RESPONSIBILITY OF THE SPONSORING SOCIETY** - The Society sponsoring the COE must be a legally established organization and partnered with a WFUMB federation. It must be located in a developing country and possess an independent office with sufficient past experience in ultrasound education. Also, it must have the ability to attract trainees, not only from its own country, but also from surrounding countries.

The Society shall initiate the administration of the COE, taking advice from the WFUMB COE Advisory Board. The secretary of the COE, who represents the COE, shall be appointed by and reside within the office of the Society.

The Society is responsible for managing the finances of the COE, including disbursements for the expenses of all COE activities and collection of course fees.

**RESPONSIBILITY OF THE COE** - The COE shall be responsible for conducting annual educational programs under the name of "WFUMB Center of Excellence." The COE is responsible for managing all of its financial obligations, consistent with its WFUMB approved budget, through the sponsoring Society, and for providing timely activity reports to the WFUMB COE Advisory Board and WFUMB Administrative Council.

An educational program should be conducted at least once a year and divided into two tracks: one for ultrasound practitioners and one for ultrasound educators.

**RESPONSIBILITY OF THE WFUMB COE ADVISORY BOARD** - The WFUMB COE Advisory Board provides counsel regarding a COE's education curriculum, reviews COE requests and recommends approval of said requests to the WFUMB Administrative Council; recommends educators for the COE educational programs from the other societies affiliated with WFUMB; and reports on the activities of the COE to the WFUMB Administrative Council.

The committee is now under discussion on the following recommendation;

AFSUMB recommends to use a transvaginal ultrasound (TVUS) probe as follows;

1. It should be always noted the infection risk of TVUS probe by human papilloma virus (HPV) and other infectious diseases before use of the probe.
2. When use of TVUS probe with cover, the infection risk of HPV is not high. However, if the cover is broken during the use of TVUS probe with the cover, a new probe cover should be applied after the probe without the cover is cleaned appropriately according to WFUMB guidelines (ref).
3. The probe cover should be applied to the TVUS probe by hands after replacement of the new gloves.
4. The probe is recommended to be routinely cleaned according to WFUMB guidelines.
5. The additional use of a high-level disinfectant may need to be discussed with local infection control authorities [2].
