

# Faculty Position in Molecular Medicine

*Department of Molecular Medicine*

*Heal the sick, advance the science, share the knowledge.*

**THE DEPARTMENT OF MOLECULAR MEDICINE AT THE MAYO CLINIC IN ROCHESTER, MN, IS SEEKING AN OUTSTANDING SCIENTIST WITH EXPERTISE IN VIROLOGY AND/OR GENE AND CELL THERAPY.**

**QUALIFICATIONS:** Candidates with expertise in virology and/or gene and cell therapy are especially encouraged to apply. Candidates should hold a Ph.D., M.D., or M.D./Ph.D. and have a demonstrated record of relevant research accomplishments; a history of successful collaborations; excellent interpersonal and communication skills; high-impact publications in their field; and peer-reviewed funding consistent with their seniority. The selected individual is expected to develop and/or maintain a nationally and internationally recognized extramurally funded research program.

**MAYO CLINIC** has been recognized as the best hospital in the nation for 2014-2015 by U.S. News and World Report. We are an integrated, multidisciplinary academic medical center with comprehensive programs in medical education and research that span across three group practice sites. We support a vibrant research enterprise and graduate school with a dedicated track in virology and gene therapy. In 2013, the institution received nearly \$370 million in extramural research awards, supplemented with over \$275 million of institutional support. Mayo Clinic has a large number of outstanding laboratory and shared resource facilities, including a Viral Vector Production and preclinical Toxicology Core, Medical Genomics Facility, a Mouse Modeling Facility, Molecular and Microscopic Core Facilities, and unique Human Disease Tissue Banks.

**MAYO CLINIC** offers a highly competitive compensation package with sustained intramural funding, capital equipment funding, technical and computational resources, and exceptional benefits. To apply, please visit [www.mayoclinic.org/scientist-jobs](http://www.mayoclinic.org/scientist-jobs) and reference **job posting 43668BR**. Applications should include a cover letter, CV, statement of research interests, and names & contact information of 3-5 references. Applications received prior to December 31, 2014 will be given priority. Specific questions related to the posting should be directed to:

Roberto Cattaneo, Ph.D., Search Committee Chair
