Venue

**Meeting: The Institute of Medical Science, The University of Tokyo (IMSUT)
GALA party: SHERATON MIYAKO HOTEL TOKYO**

Date

April 11 (Fri.) to April 12 (Sat.), 2025

President

Tokiko Nagamura-Inoue M.D., Ph.D. (IMSUT)

🌸 Greeting! 🌸

Yours sincerely,

It is my great pleasure to announce the AsiaCORD Meeting 2025 in Tokyo, Japan.

AsiaCORD was founded in Bangkok in November 2000 to promote mutual cooperation and scientific understanding among cord blood banks in Asian countries to provide high quality cord blood. We have contributed to the quality improvement of cord blood banking in Asia by organizing scientific meetings and inspections of cord blood banks. Many of our goals have been achieved and cord blood donation systems have been established, although each country has its own unique circumstances. With the exception of Japan, the number of CBTs has decreased worldwide due to improved hematopoietic stem cell transplantation (HSCT) protocols and new drugs to control graft-versus-host disease (GVHD) in haplo-HLA-identical HSCT, and cord blood banking is also on a downward trend. However, cord blood is once again gaining attention as a source of HSC expansion and CAR-T/NK immune cell therapies.

Recently, umbilical cord tissue has been shown to be a treasure trove of MSCs, and many clinical trials have been conducted worldwide, such as COVID-19-related ARDS, cerebral palsy and severe GVHD as immunotherapies and regenerative medicines. Asia, in particular, is leading the world in research into these umbilical cord derived MSCs.

In recent years, due to the COVID-19 pandemic and the succession of leadership in cord blood banks, AsiaCORD has not been able to meet regularly. However, the direction of AsiaCORD has not wavered despite the lull in activity. Now, we, AsiaCORD Chairperson Prof. Kaiyan Liu and Secretary Tokiko Nagamura-Inoue strongly would like to urge you to come together again to continue and develop AsiaCORD as we have done over the years.

If you are interested in the newly started AsiaCORD and would like to become a sponsor for our meeting, we would be very grateful. Please join us at the Cherry Blossom IMSUT!

April 11-12, 2025

AsiaCORD 2025 meeting President

Tokiko Nagamura-Inoue M.D., Ph.D.,

Director of IMSUT CORD (cord blood and cord bank in IMSUT)

The Institute of Medical Science, The University of Tokyo, Tokyo, Japan
