as communicated before, the International Society for the History of Pharmacy will hold a **virtual symposium** at the end of April, along with the official assemblies, mandatory according to the law. I am happy to announce that we got a variety of submissions from all over the world to compile a rather interesting and stimulating program. The official meetings will be held **Friday, April 23, 6-8 pm, and are framed by historical lectures Friday afternoon and whole Saturday**. Details can be seen from our website:

By technical reasons, we kindly ask for a short registration via **E-mail** (symposium@histpharm.org).
