

Special Issue of Avian Biology Research for the 10th International Symposium on Avian Endocrinology (ISAE2012)

The Avian Biology Research will publish papers prepared by symposium speakers at the 10th International Symposium on Avian Endocrinology (ISAE2012). Speakers who will not contribute to the Special Issue of General and Comparative Endocrinology (GCE) are invited to submit their papers to this special issue. Manuscripts can be reviews or original data papers.

Mary Ann Ottinger will be the editor of this issue and would be happy to have guest editors. Please contact her if you would like to serve as a guest editor.

Outline of Special Issue

Symposium lecturers who will not contribute to GCE will be invited to submit full-length review manuscripts or original data papers. Organizers of each symposium are asked to provide names and contact information for potential contributors. Additionally, ISAE participants interested in contributing to the special issue are encouraged to contact Mary Ann.

Guidelines for Manuscripts:

Guidelines will follow the Journal procedures as detailed on the website of Avian Biology Research. Organization will follow the traditional format for reviews with an Abstract, Introduction, Section Headings, conclusions, references, figure legends, tables, and figures. Similarly, data papers will include an Abstract, Background, Materials and Methods, Results, Discussion, references, figure legends, tables, and figures.

Deadline for Submission:

The submission date for papers will be November 1, 2012.

Editor:

Mary Ann Ottinger (University of Maryland, USA; maotting@umd.edu)
